Voters to Decide on Construction of Transfer Station

MILLBURY - On October 12, members of the Millbury Solid Waste Committee met with the Board of Health and the Selectmen to review matters pertaining to the construction of a Transfer Station which will come up for a vote at the November 15 Special Town Meeting.

After reviewing facts and figures which have been gathered over a 2 1/2 year period, all present seemed to agree that a transfer station offers the best and most comprehensive solution to Millbury's solid waste disposal problems.

Millbury's landfill is now technically closed to dumping. Waste disposed at the landfill is trucked to the Wheelabrator facility on Rte. 20 where it is incinerated.

According to Solid Waste Committee Chairman Richard Dwinell, SEA, engineering consultants on the project, suggested that the town seek $943,000 for the construction of the facility, $50,000 for supervisory work, most of which Dwinell said will be mandated by the Department of Environmental Quality Engineering (DEQE), and a 10% contingency fund. In addition, money must be allocated for a hydrant at the facility, bringing the total to $1.1 million.

Chairman of the Board of Health, Frank Piscitelli explained the scope of services which the $50,000 supervisory appropriation will provide. "Task I is construction administration," he said "which is the architect's fee and all his engineers. They'd be attending meetings with contractors, tech shop drawings, issuing instructions throughout the construction period and so on ...." Piscitelli read a long list of services which would also be provided under Task I.

Task II will consist of resident construction engineering which Piscitelli explained consists of on-site inspections on a part time basis when critical phases are being performed.

Task III will involve operational visits as required by DEQE. The engineering work will be done over a seven month period. Task I will cost $28,300 and Task II $41,000, for a total of $69,300. Piscitelli said that the figure could be reduced when more specifics are available.

Jude Cristo, Selectmen Chairman, asked Piscitelli for a breakdown of the costs associated with running the transfer station. "The bottom line," Piscitelli replied, "is that, to operate that transfer station, it's not going to cost any more than it does to operate the dump." He also explained that the dump will have a guard shack that will be manned permanently. The guard will responsible for monitoring who and what will be entering the dumping facility.

With respect to equipment, Piscitelli said, "The only new piece of equipment we'll purchase is the front end loader with rubber and it's not going to be purchased, it's going to be leased which is going to cost about $25-28 thousand per year which is in our budget as far as repairs go anyway.

Turn to TRANSFER on Page 10

Preserving a Part of Millbury's History for Future Generations

MILLBURY - The red clapboard West Millbury school stood cold and vacant on a recent blustery fall day, a backdrop of brightly cloaked maple trees setting off its time-worn facade.

Inside the 120-year-old schoolhouse, the wind whistled softly through cracks in the unprotected windows, carrying the silent echoes of children's voices long past. Pale green walls, like time-worn faces etched with fine lines of age and neglect, rose up from heavily varnished hardwood floors scuffed bare by impatient young feet. An old upright piano which once accompanied the voices of children raised in song, stood silent to the left of the first floor classroom. An empty light socket, dangling lazily from the white painted ceiling, carried not a single spark of electricity to bring brightness and coziness to the stark, lifeless room.

In the upstairs classroom, rows of brown, slatted chairs stood at attention, beckoning the arrival of West Millbury children dressed in long skirts and knickers, their school books neatly tied with straps and slung haphazardly over their shoulders.

Throughout the schoolhouse, unpretentious rectangular windows strained to withhold the winds of time from taking their toll on memories that still linger in the undisturbed quiet of the two-story school which housed eight grades until its closing in June of 1968.

This now empty West Millbury School has become a labor of love for one Millbury resident, and an extension of his efforts to detail the history of his own family and that of the Town of Millbury.

Born in Binghamton, NY on May 27, 1915, Beach Street resident Harold Kilmer has lived in Millbury since 1917. The soft-spoken Kilmer grew up in a brick home at 339 West Main Street which his family rented for $8 a month. His earliest memories stir up a friendship with Freeman Davidson, grandson of Henry W. and Ida Davidson who lived in a home that was built on West Main Street by Col. Jonathan Holman in 1742. The historic home was burned by the town in 1956, an event which still causes Kilmer to furrow his brow in remembrance. "The town set it on fire because it was all falling in," Kilmer recalled. "It took the life right out of me."

According to Kilmer, Mrs. Davidson taught at the West Millbury School when it was located across the street on the site of the West Millbury Chapel. It was Mrs. Davidson who instilled a love of history and family in the young Harold that he still carries with him today. "My best friend's grandmother (Mrs. Davidson) used to say, 'Remember, those who suffered and died in Andersonville could be members of your family.' It wasn't until 1962 that I learned that my great grandfather had died in the Andersonville Prison during the Civil War." Kilmer has also traced his ancestors in America to 1638 on his mother's side and 1710 on his father's.

Over the years, Kilmer's love of history has also taken the form of a personal crusade for World peace. In a ***Sunday Telegram*** article dated November 17, 1960, Kilmer was

Historical Society Visits Blanchard Burial Site

By Grace Laflash

MILLBURY - Tom Blanchard, a Millburyite and famous inventor of the eccentric lathe, was born on June 24, 1788. His 200th birthday coincided with our town's 175th, therefore the historical society deferred celebrating until this time. Members and guests visited his burial site at the Mt. Auburn Cemetery in Cambridge, Ma. The site was originally the Stone Farm. It was a favorite retreat for Harvard students who referred to the area as Sweet Auburn because it evoked images of the village of that name described in Oliver Goldsmith's poem, "The Deserted Village."

Mt. Auburn, founded in 1831, was the first garden cemetery in the English speaking world. The landscaping, flowers, and trees are simply gorgeous. The latter include: Japanese maple, pin maple, black oak, dawn redwood, Japanese cryptomeria, silk tree, weeping European beech, plus many others.

The winding paths lead to a maze of intriguing tombstones. A tiny lamb marks the resting place of a child, a large snail another. One marker resembles a sacrificial altar, another a huge mass of rose quartz, two are smaller versions of the Washington Monument.

Photo Courtesy of Grace Laflash

Once on Spruce Avenue, Tom's plot was located. The huge granite gravestone is emblazoned with a model of his eccentric lathe. In earlier days, his bust adorned the upper section but no one has any knowledge of its whereabouts.

Henry Wadsworth Longfellow, Louis Aggasiz, Fanny Farmer, Josiah Quincy are among other notables interred in the cemetery.

There are ponds surrounded by crypts such as that of the Cabot and Lodge families.

Some of us climbed 112 steps to the top of the Washington Tower which stands on the high point of land which is the "mount" of Auburn. The view of the city is breathtaking!

The remainder of the trip was spent in the environs of Harvard Square - restaurants, stores, Christ Church (1761), and an early burial ground.

Millbury Selectmen's Meeting Digest

Water Company to Seek Rate Hike

By Edward J. Cooney

MILLBURY - The October 11 Selectmen's meeting opened with the call to order by Chairman Jude Cristo. In attendance were Selectmen John Donnelly and Donald Gauthier.

Speed Limit

Administrative Assistant Earl Chase started his weekly report by informing the board that a recommendation for locating a 35 MPH speed sign was suggested by Safety Officer Fred Vulter for 300' east closer to Singletary Avenue. The matter was held until next week.

Letter of Appreciation

Chase reported that bus company owner John Lola was not seeking payment for the use of buses at the funeral of former Chief George Brady. Cristo suggested to Chase that a letter of appreciation be sent to Lola.

Millbury Avenue Project

Chase informed the board that the low bidder for the Millbury Avenue project was protesting to the Department of Labor and Industries the rejection of the awarding of the bid. Chase said that town counsel will represent the town at the hearing.

According to Chase, the low bidder was rejected because of an incomplete bid. Chase said that a check of the records of previous minutes indicated that the wording of the bid was not approved by vote of the board of Selectmen, but only the change orders were approved as recommended by Engineering consultant Paul Larosa and Highway Surveyor Joe Chase.

Cristo asked at what point the board should award the bid. Chase replied, "Not until this matter is resolved."

Paid Details

Provisional Police Chief Ron Stokowski informed the board that he and Earl Chase had met with town counsel for an hour last week to discuss paid details for construction projects.

Monies for paid details were not included in the contract for work done on the South Main Street bridge over the past several weeks.

In previous discussions with the selectmen, Stokowski had told the board that the contractor had stated there were no funds in the awarded contract to pay police officers for paid details. At that time, Stokowski had made a suggestion that a revolving account be set up to pay police when they work paid details outside their regular jobs.

Stokowski reported that town counsel recommended that a revolving account be funded now through a transfer of funds from the Reserve Fund. It was suggested in their discussions that the revolving account be initially funded and that, when administrative costs deposited in the revolving account build up, the initial funding be withdrawn and allow the administrative costs to pay for the paid details on a continuing basis.

Stokowski noted that paying for details out of "salary, all others" would involve time and a half which, according to town counsel, could pose problems in other town departments. Counsel's recommendation was to fund a revolving account versus payment through a "salaries, all others" account.

Cristo suggested that the issue be discussed next week when all board members would be in attendance.

Street Opening Permits

Stokowski then addressed the issue of street opening permits and what effect they may have on traffic and public safety. He noted that town counsel suggested that the matter be addressed when permits are issued so that contractors would have no leeway. He said that he was more concerned with streets like Elm that carry a flow of traffic as opposed to side streets or residential streets.

Stokowski said that if he was to speak to a contractor about the need for barriers, signs, a flagman or police officers on duty during a street opening permit, he would in all probability be told by contractors that it was not in the permit.

Cristo noted that in issuing permits the board is very specific as to when the contractors will be digging. Stokowski said that town counsel recommended that the issue should be addressed in the issuance of a street opening permit.

Donnelly indicated that he thought it should be part of a permanent process.

Cristo suggested that street opening permits be directed to the Highway Surveyor, Town Administrator and the Police Chief.

A Bit of History....

by Grace Laflash

Because it is our town's 175th birthday, I would like to share a bit of history with you.

Did you know that the white, columned house at the beginning of Miles Street was once a public hotel, The Millbury House, operated by Thomas Stevens?

Simon Farnsworth kept a hotel on the site of the Centerview Apartments, 95 Elm Street.

The Central House was located over the Dunton and Winter's store (the Savings Bank building).

Jesse Pierce ran the American Temperance House (empty lot next to the C.D. Whitney Agency).

At this point, the following information has not been substantiated: the structure which houses Superior Oil on Elm Street was once the Canal Tavern.

Named to Dean's List

MILLBURY - Lori A. Gardner of 113 Millbury Ave. was named to the Dean's List for the Spring semester at Stonehill College in North Easton, Ma.

Lori is a 1987 graduate of Millbury Memorial High School and is in her sophomore year at Stonehill.

School Lunch Menus

Week of October 24 - 28

On The Shelf

By Rosemary Waltos

The Millbury Public Library opened its doors for business on April 11, 1869. On April 11, 1989, the library will have enjoyed 125 years of continuous service to the Millbury community. The Friends of the Millbury Public Library, library staff and trustees are already hard at work preparing a fitting birthday celebration to mark the occasion.

While the library is planning a year's worth of activities for its birthday celebration, we are also making an all-out effort to make sure that everyone in the community gets in on the act. Before the actual fun and celebration starts, the library is launching a massive registration campaign. The goal is to put a library card in the hands of every school-age child in Town. No small task, rest assured, but with the support and help of Millbury schools, parents, and library volunteers, we are sure we can do it. Watch for our registration campaign to start during National Children's Book Week, November 13-19.

Your library card is like a ticket. With it, you are privy to the information, materials and services that the library has to offer whether it's videos, books, or one of the library's many programs for children and adults. It's the "ticket" we hope you'll have and use in 1989.

Here's a sampling of what's in store for the Millbury community next year.

Millbury Public Library 125th Birthday Celebration

TRAVEL LOG SERIES, Tuesday, January 17; Tuesday, February 7; and Tuesday, March 7, at 6:30: interesting, educational and entertaining slide presentations of trips taken by area residents.

NON-PROFESSIONAL ART SHOW RECEPTION, Sunday, January 29, from 1-3: a community art show specifically for artists in Millbury and its surrounding communities. This show is designed for people in the community who do not sell or regularly show their art work. It will be a juried art show. Show will be on display from January 29 through February 11. (Audience: all ages)

OLD BOOKS DISPLAY, January 22-February 4: a display of those treasured books and rare editions that everyone seems to have tucked away on their book shelves. Books will be secured and shown in the library's locked display case.

ART AND HISTORY DOLLS, Tuesday, February 14, at 6:30 (snow date: February 15 at 6:30): the library invites Sutton's antique doll collector and crafts person, Mrs. Dona, to speak about the art and whimsy of dolls of old. (Audience: adult)

SONGS AND STORIES OF THE 1860's by Singer/Songwriter/Storyteller Bruce "Utah" Philips, Sunday, March 5 at 1:00: this versatile performer hails from the West and brings with him tales and songs of the late 19th century, a time when many communities were establishing their first free public libraries. (Audience: all ages)

TEEN ART SHOW RECEPTION, Sunday, March 12, from 1-3: March is Youth Art Month and, to celebrate, the library will feature the art work of teens in Millbury and its surrounding communities. This will be a juried art show. Teen Art Show will be on display from March 12 through March 15. (Audience: all ages)

SIGN DEDICATION, Tuesday, April 11 at 6:30: this short ceremony, to include Delia Torrey and Andrew Carnegie, will dedicate the library's new sign, contributed by the Friends with the help of Barbara Whittier of Millbury. Reception will follow at 7 p.m. (Audience: all ages)

PROFESSIONAL ART SHOW RECEPTION, Tuesday, April 11, from 7-9: an art show for professional artists in Millbury and its surrounding communities. Artists displaying here are those who sell their works and regularly display them in other art shows. This will be a juried art show. (Audience: all ages)

ART AND ARTIFACTS DISPLAY, April 4-22: Display of antique needlework pieces owned and/or made by Millbury folks.

NEW ENGLAND CAROUSELS: THEIR ART AND HISTORY, Sunday, May 7, at 1:00 p.m.: a lecture and slide tape presentation on the history and tradition of turn-of-the-century New England carousels. Children will be invited to participate in a special craft activity. (Audience: all ages)

COMIC BOOK CREATORS AND CREATIONS: comic book authors talk about their work, Thursday, May 11 at 3:30. Learn about the creative process that goes into making successful comic book stories and characters. This presentation will feature a well-known area comic book artist and a panel of young area comic book artists who have published a number of comic books available through independent distribution networks. (Audience: young adult)

COMIC BOOK CREATORS AND CREATIONS: comic book making with Marc Lynch, May 16-19. Here's a chance for young adults to unleash their creative juices. Marc Lynch, teacher at the Worcester Art Museum School, will teach students how to produce their own independent comic books. (Audience: young adult)

BIRDS OF PREY, Saturday, June 3 at 10:30: Richard Lucius brings his magnificent birds of prey and explains their habits and habitat. (Audience: all ages)

TRIP TO A RED SOX GAME, Saturday, August ???? (Audience: all ages)

ANNUAL BOOK AND BAKE SALE, Saturday, September 9, from 10-1: this is the Friends annual fund raiser, featuring hardcover nd paperback books for all ages. Our bake table, always the hit of the day, will feature homemade goodies of various caloric quantities! Donations of baked goods welcome. (Audience: all ages)

Earth Removal Permit Sought by Developers for Rte. 146 Project

MILLBURY - "A $200 million dollar mall complex hosting features that will make the complex the most attractive mall in Central Massachusetts," is the way George Lamothe described a Rte. 146 project after the Planning Board heard Attorney Stephen Burwick argue for a Special Permit to conduct earth removal at the site of the proposed mall. Burwick represented the developers, Edward Renaud, George Lamothe, Spire Realty and Development Corporation of East Windsor Connecticut.

At the October 13th meeting, Burwick and Greg Valiton of Cullinan Engineering explained that Spire was applying for a permit to remove 5 million cubic yards of material from a site on Rte 146 located across the highway from Rte. 146 Supply and the Millbury Savings Bank. According to Burwick, "the principal means of removal of earthen material from the site is presently contemplated to be by rail." Trucks capable of carrying in excess of 40 cubic yards of rock will make approximately 500 trips per week over on-site haul roads to deliver the material to the rail cars.

According to Valiton, the material to be excavated is mostly rock. He also said that there will be a weekly blast, lasting approximately 30 seconds, to break up the rock.

Valiton, referring to a map of the area, explained that the excavation will reduce the present hilly location to a height of between 20 and 30 feet higher than Rte. 146. The land will slope away from the highway which will force the run-off back towards Elmwood Street and down into a sedimentation basin where the particulates will gather. From there, Valiton said, the run-off will be diverted into the natural wetland where it will be carried off with no siltation of the wetlands.

Burwick projected that the earth removal will take between three and five years to complete. "Hopefully, it could be done sooner," he said.

The Board took no action on the petition but approved a motion to continue the hearing to allow Planning Board member Arthur Moore to participate in the deliberations.

John Swedberg to Discuss Alaskan Refuge at NESC Lecture Series

WORCESTER - Nature photographer John Swedberg of Millbury and Roger Leo of Princeton, will speak on the Arctic National Wildlife Refuge as part of the Stoddard Memorial Lecture series at the New England Science Center (NESC). The lecture, entitled "Arctic Oil/Wildlife Dilemma" will be held on Wednesday, October 26 at 8 p.m. Admission is $4 for members of the Science Center and $5 for non-members.

Because of the Center's concern for environmental issues, NESC sponsored a trip by Swedberg and Leo to the Arctic Refuge last spring to document the region through interviews, film and still photography. A particular emphasis of this survey was the effect oil drilling within the refuge would have on the region.

Swedberg's nature photography has appeared in such magazines as Audubon, National Wildlife, Country Journal, Yankee Magazine, Sports Afield, Field and Stream and many others. His films of American wildlife have appeared in several nature conservation movies and on the PBS Nova series entitled, "Still Waters."

Last April, Swedberg retired as the senior wildlife photographer for the state Division of Fisheries and Wildlife, a position he held for sixteen years.

Swedberg also began the state's Quabbin Bald Eagle Hacking Project. This program is currently re-introducing the bald eagle into Massachusetts.

Leo is assistant to the regional editor of the Worcester Telegram and Evening Gazette. He has also written extensively during the past two years on issues relating to wildlife, the environment, and conservation. Leo also worked as a Peace Corp volunteer in Nepal in 1968-69, as a photographer and film maker in New York City from 1969-71, and as a lobster fisherman out of Fort Myers Beach, Florida, in the summer of 1971.

A native of Manhattan, Leo attended high school in Athens Greece and graduate from Brown University in 1968 with a degree in history.

LIBRARY from Page 6

ART AND ARTIFACTS DISPLAY, September 19-30: display of ceramic antiques and craft work owned and/or made by Millbury folks.

FRIENDS ANNUAL MEETING AND FOOD PRESENTATION PROGRAM, Thursday, September 28 at 6:30: the Friends will hold their annual business meeting at which time a new slate of officers will be elected and the 1990 program budget approved. A special food presentation will follow this meeting. (Audience: adult)

TRIP TO THE NORMAN ROCKWELL MUSEUM, Stockbridge, Saturday, October 21 at 9: a chance to catch the fall foliage and enjoy the works of one of the country's favorite illustrators, Norman Rockwell. (Audience: all ages)

SILK FLOWER ARRANGEMENTS DISPLAY, October 23-November 4.

FLOWER ARRANGING WITH THE HOLIDAY SPIRIT, Wednesday, November 1 at 6:30. Learn how to make silk flower arrangements for the upcoming holiday season. (Audience: adult)

CHRISTMAS PAST DISPLAY, December 5-January 6: Library carolers take to the neighborhood with fun and holiday song. Hot cider and cookies will be served on the return to the library. (Audience: all ages)

As you may have already guessed, it is only with interested and committed people that the library is able to offer you such a fine line-up of programs. While we have several such people already hard at work, we are depending on the help of many more. If you are interested in giving a few hours of your time to assist in these programing efforts, or in other volunteer activities at the library, please call the library at 865-1181, today!

UPCOMING EVENTS

FRIENDS OF THE LIBRARY ANNUAL HALLOWEEN PARTY, Wednesday, October 26 at 3:30 p.m.: decorate a pumpkin and take part in the Halloween parade to the Town Hall (weather permitting). Then stroll back to the library for fun, refreshments and ghostly Halloween stories, plus the drawing for the winner of the "Guess-the-Weight-of-the-Pumpkin" contest.

LIBRARY HOURS: Tuesday through Thursday, 10-8; Friday, 10-6; Saturday, 10-1.

Federated Church to Hold Auction

MILLBURY - EVENT II Silent and Service Auction will be held on Saturday, October 22 at the Millbury Federated Church, 20 Main Street. The auction will be preceded by a viewing of auction items beginning at 5:30 p.m.. A Ham and Scalloped Potato Supper with all the fixings will be served at 6:00 p.m. The auction will begin at 7:00 p.m. in the vestry of the church.

Cost of the supper is $5.75 for adults and $3.50 for children under 12. For reservations, call Anne Squire-Buresh at 865-3435 or Shirley Sherman at 865-2693.

Sponsored by the Pastor/Parish Relations and Christian Education Committees, the fund raiser will offer for auction a number of items contributed by local merchants and services donated by church members.

Library Seeking Volunteers for Registration

MILLBURY - The Millbury Public Library, 128 Elm Street, is looking for a few good volunteers to assist the library in its registration campaign.

During the week of November 13, the library will be celebrating National Children's Book Week. To celebrate this annual event, the library will be making an all-out effort to put a library card in the hands of every student in Millbury. To do this, the library needs several volunteers during the week of November 7 to check records and to issue library cards and information packets.

Anyone interested in volunteering is asked to call the library at 865-1181.

Chamber to hear from legislators

SUTTON - A "What's Happening on Beacon Hill" session will be held between local and state legislators and the Blackstone Valley Chamber of Commerce at its upcoming breakfast meeting on Tuesday, November 1, from 7:30-9:30 a.m. at Pleasant Valley Country Club.

State Senators Louis Bertonazzi and John Houston, and Representatives John R. Driscoll, Paul Kollios, Marie Parente and Daniel Ranieri will discuss what the future holds in store for Massachusetts, both politically and financially, and how actions on Beacon Hill are affecting businesses. A question and answer period will follow a short presentation by each legislator.

Cost of the session is $7.50 per person. To register, or for more information, contact Becky Goodwin at 753-2924.

Millbury to Participate in WPI Mathematics Competition

WORCESTER - Worcester Polytechnic Institute's Mathematical Sciences Department will hold the first annual WPI Invitational Mathematics Meet for Massachusetts high school students on October 20. Four person teams from 47 high schools, including Millbury High, will compete for individual scholarships and team awards in the event.

TRANSFER from Page 1

Also, the hauling, instead of buying trailers we're going to hire them and the budget right now to haul that stuff out of there is running around $75,000-$78 and that's cheap for us considering the covering of the landfill which used to cost us quite a bit."

Piscitelli maintained that for the same amount as is presently being spent, the town will have a modern facility which will be open to the public five days a week.

"We're going to have a nice new facility," Cristo said, "that's safer, cleaner, more accessible to use and it's not going to cost the town any more once the building is built." He also maintained that the facility will benefit everyone in town and that it offers the best and most economically feasible options to the town.

Dwinell then said that the present seven-member Solid Waste Committee, which has been expanded to include all members of the Boards of Health and Selectmen, has been impartial and thorough in its 2 1/2 year deliberations. He said that it is the committee's conclusion that the transfer station is the most economic alternative, offering the community options and safeguards which curbside pick-up does not.

Piscitelli explained that residents will be able to dispose of their trash five days a week rather than only on one pick-up day and can avoid getting locked into pick-up contracts that might be low the first year then accelerate thereafter.

Cristo said that the transfer station will provide a location where the town can monitor the tonnage and the contents of waste prior to its being trucked to Wheelabrator. This way, according to Cristo, the town can make certain that commercial haulers are disposing of Millbury refuse and not mixing it with waste from other towns. "The best way to insure free tipping," Cristo said, "is to monitor it (the waste) and we are protecting the best interests of the townspeople by being able to control our own destiny, control our cost and control where the waste is coming from. We don't want to be playing into the hands of some private contractor who could escalate the rates at any given time." He also added that the town will not have to "worry about some contractor who is devious and takes in foreign loads and the townspeople end up paying in the long run."

It will be left up to the voters to decide if they agree with the committee's conclusions.

Linden Apartments

MILLBURY - Most of the "goodies" were gone by the time we arrived at the Linden Apartments bake sale and flea market on Saturday. We did, however, manage to capture a photo of five lovely women who assisted at this event: (L-R) Edith Army, Anna Rano, Bea Despard, Doris Cournoyer, and Jeannette Dunn.

Blood Pressure Clinics

MILLBURY - The District Nursing Society Blood Pressure Clinics for the month of November are as follows:

Asa Waters Mansion, 123 Elm street, on November 1, from 8:30 to 11:00 a.m., on November 8 from 9:30 to 11:30 a.m., and on November 15 from 3-5 p.m.

Centerview Apartments (residents only) on November 17 from 1-2 p.m.

Colonial Apartments, Colonial Drive, on November 30, from 1-2 p.m.

Linden Apartments, Pearl Street, on November 16, from 1-2 p.m.

Stuarts Department Store, 132 Worcester Street, No. Grafton, on November 2, from 10 a.m. to noon.

All clinics are free and open to the public, except as noted. For more information, call 865-4373.

Antique Show and Sale

UPTON - The 28th Annual Capertown Antique Show and Sale, sponsored by the Unitarian Universalist Society of Grafton and Upton, will be held on Saturday, November 12, from 11 a.m. to 6 p.m. and Sunday, November 13, from noon to 6 p.m. at the Upton Town Hall, Route 140. Twenty-seven dealers will exhibit. In addition, a snack bar will be available and a raffle for an antique will be held. Admission is $2.50 per person.

The name of the show, "Capertown", comes from a 19th century nickname for Upton. In that era, hat-making was the town's chief industry and the local Knowlton Hat Company imported many young people to work in the factory. The young people organized entertainment, including dances and sleigh rides, to occupy their leisure time. Hence, the nickname "Capertown."

Girls Club to Hold Halloween Happenings

WORCESTER - The Worcester Girls Club will offer the following programs for Halloween:

Lincoln House will hold an Open House Halloween Party for the whole family on Thursday, October 27, from 6:30 to 8:00 p.m. There will be games, ghost stories, scary movies, a costume parade, prizes and treats. There is no charge.

Lincoln House is also planning a Halloween Costume Dance for girls and boys in grades 5 and up on Friday, October 28, from 7-10 p.m. The cost is $2.00. Refreshments will be served.

Winthrop House has scheduled a Halloween Party for members on Monday, October 31, from 4-5:15 p.m. There will be games, a ghost walk and a trick or treat bag. There is no charge for this event.

Women's Network Elects Board Members

WORCESTER - The Worcester Women's Network, a group exchanging awareness of and need for job opportunities and support among its members, recently elected the following 1988-89 board members: President, Judy Savage; First Vice President (Program), Cheryl Houston; Second Vice President (Membership), Pasqua Bodinizzo; Treasurer, Anita Mikat; Clerk, Mary Sheehan; Reservations, Dorothy Palmgren; and Public Relations, Lynne Lockart.

Commission to Study Worker Availability

BOSTON - Following two years of legislative advocacy by State representative Paul Kollios (D-Millbury), the Special Legislative Commission on Long Term Care Worker Availability held its first meeting on September 20.

The Commission will be working to better understand and propose solutions to the chronic labor shortage which threatens the quality of nursing and home health care for the elderly.

The Commission will be Chaired by Senator Michael Barrett (D-Cambridge) and Representative Shirley Owens-Hicks (D-Boston).

Kollios, who is Chairman of the Committee on Human Services and Elderly Affairs, said that he will continue to actively participate in the Commission's efforts to address the critical worker shortage problem.

Sutton Lions Club Fund Raiser

To Sutton Residents:

October 29 and 30 is the Sutton Lions "Lucky 700 Club" Weekend. Members of the Sutton Lions Club will be going door to door selling raffle tickets. The proceeds will be used to underwrite our many community and civic philanthropies.

We would appreciate your support.

Millbury Schools Expand Computer Programs

MILLBURY - Working with an advisory committee consisting of teachers, parents and a resident employee of Digital Equipment Company (DEC), Millbury Memorial High School was successful in acquiring a DEC PDP 11-34 system in the summer of 1980. Thus began Millbury's involvement with computer instruction. This system, with a modest 128K memory, was used to introduce computer instruction to students as well as to perform administrative tasks. Since that time the system has been updated, with the last major update taking place this past spring, bringing the system up to one megabyte of memory. The system now services not only the High School, but also the Elmwood and Shaw Middle schools.

Since the early 1980's, microcomputers have seen widespread use in the Millbury school system, from the High School down to the primary grades. During the early 1980's, approximately 80% of Millbury's teachers attended in-service programs to acquaint them with the operation of Apple microcomputers. Today, the Millbury schools have approximately 130 microcomputers with 50% of them being housed at the High School. A computer laboratory has existed in each building and instructional programs are taking place at the Shaw Middle School and especially at the High School where students are receiving in-depth instruction.

The great majority of the computers have been purchased under federal grants. The DEC system, which was originally purchased in 1980, was acquired by a grant from Digital, from federal funds, and through local support from the Millbury School Committee.

Each year the school system has been able to update and add to the computer equipment. The High School business department has been using word processing, spread sheets, and other accounting programs as well as data base programs. At the Middle School, students have been taught basic word processing as well as Logo and some data base skills. In addition, there is a wide variety of software that is subject-oriented for each teacher to use as he or she deems appropriate to the content of the instructional program.

This past year, the Millbury school system received a technological grant which makes it possible for the Shaw Middle School to access research information for student or class research projects. Through an occupational education grant, they also acquired two Macintosh hard disk systems which are used in the graphic arts and mechanical drawing programs. Under yet another grant, the system purchased two Apple GS computer systems which have high graphic capabilities and which will be used in the high school art department and in the Middle School computer lab.

Dr. Alfred J. Sylvia, Superintendent of Schools, noted, "Millbury's computer programs have expanded considerably over the past eight years, with constant updating of equipment and increase of instructional programs so that all students going through the school will be well acquainted with how computers function and comfortable with the operation and the place that they hold in a society that is becoming more dependent on technology. Each media specialist is responsible for supporting computer instruction in their respective buildings and any interested resident wishing more information should feel free to call the schools to learn firsthand as to the extent that computers are used in instruction."

Singletary Sailing Association

The annual Awards Presentation Dinner Meeting for the Singletary Sailing Association will take place on Friday, November 4, at Campanele's Grafton House Restaurant, 217 Worcester Road (Route 122), North Grafton.

An "Attitude Adjustment Hour" will commence at 5:30 p.m. and a Roast Beef Dinner will be served family-style at 6:30 p.m.

Reservations are required and must be in (with money) by Monday, October 31. The cost for members who have paid their dues is $5 per person; for other members and all guests, $9.50 per person.

To make reservations, contact John Gaucher (865-2372 or 865-832-5807) or Jim Fitzpatrick (865-6522 or 865-4107).

Volunteers Needed in Sutton

SUTTON - The Sutton Board of Selectmen is seeking volunteers to serve on each of several boards and committees on which a vacancy exists. The positions are volunteer, each position filled by the Board of Selectmen for fixed terms.

Persons interested in serving their community are urged to send a letter of interest to Dexter P. Blois, Town Administrator. The positions for which volunteers are sought include openings on: Recreation Commission, Planning Board, Earth Removal Board, Finance Committee (Moderator appointment), Bylaws Revision Committee.

Any questions may be directed to Dexter Blois at the Sutton Town Hall.

Question 4's electricity shutdown would be expensive – economically and environmentally

ECONOMIC COSTS

Question 4 would:

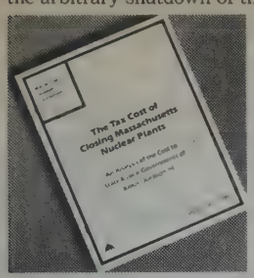
Cut off nearly 20 percent of our in-state power supply – forcing expensive power shortages.

Our state already faces the prospect of serious electricity shortages this winter.

Question 4's shutdown would cut off over 4 billion kilowatt-hours of electricity annually – nearly 20 percent of our in-state power supply – and make our electricity supply problems even worse.

Cost taxpayers and ratepayers billions of dollars.

If Question 4 passes, the State of Massachusetts would have to pay for the arbitrary shutdown of the power plants.



These huge costs would be paid by Massachusetts taxpayers.

A September 1988 Massachusetts Taxpayers Foundation study concluded that: "Likely compensation to the plants' owners would be somewhere between $1.3 and $2.1 billion. The annual carrying costs ... would put a $150 million to $250 million a year dent in state and local budgets for each of the next 20 years – a total fiscal impact of $4 billion."

In addition, electricity rates would rise to pay for the high costs of replacement power.

Cause thousands of Massachusetts workers to lose their jobs.

Question 4's shutdown would cause the more than 1,000 men and women who work at the plants to immediately lose their jobs.

The increased electric bills and taxes that would result from the shutdown would increase business costs and damage our state's economy – putting thousands of other Massachusetts jobs at risk.

ENVIRONMENTAL COSTS

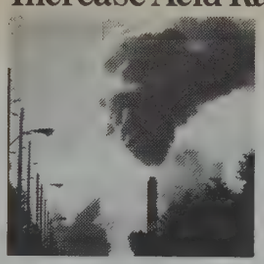
Question 4 would:

Increase oil and coal burning: adding as much as 44 million pounds of sulfur dioxide and 7 billion pounds of carbon dioxide into the air every year.

If our state's nuclear electricity plants are closed, most of the replacement power would come from oil and coal plants.

By forcing this switch to oil and coal burning, Question 4 would add to already serious air and water pollution problems – including ozone pollution, acid rain, and the global warming Greenhouse Effect.

Increase Acid Rain.



Sulphur dioxide pollution is a major cause of acid rain – which is destroying our lakes and streams, and agricultural and forest resources.

Question 4 would lead to increased sulfur dioxide pollution, making our acid rain problems even worse.

Add to the Greenhouse Effect.

By forcing a switch to oil and coal, Question 4 would increase the carbon dioxide emissions that are creating the global warming Greenhouse Effect – a problem which could have worldwide environmental impacts.

As the *Boston Globe* stated in an August 15, 1988 editorial: "If (Massachusetts' nuclear electricity plants) were replaced by fossil-fuel plants the emission of gases that cause acid rain, as well as the warming of the atmosphere would be increased by 15 percent – at a time when every effort should be made to reduce such emissions."

Question 4 would permanently shut down the generation of electric power by Massachusetts' nuclear electricity plants.

SELECTMEN from Page 4

Stokowski added that it should be noted in the permit that, if it is in the public safety interest and deemed necessary by the police chief, the use of some barrier, flagman, sign, or police officer would be required for street openings by private contractors. "After the fact doesn't help us. If it is not in the permit, we get arguments," he said.

Police Officer Candidates

Stokowski then addressed the issue of candidates for positions on the Police Department. He noted that another police officer candidate had withdrawn from contention.

He also informed the board that the Criminal Justice Training Center would be offering a police academy training session, tentatively set for November 28.

Cristo explained that the board would be conducting three interviews tonight and would appoint one later in the evening and two others in the near future.

Stokowski suggested that all three be notified as soon as possible so as not to lose them to some other community. He also noted that physical and psychological exams would have to be completed before sending candidates to the academy.

Cristo said that the board could make the two other appointments next week so that physical and psychological exams could be completed in time for the November police academy training.

Mass. American Water Company

At 7:30 p.m., the board met with Mark Dana, President of Massachusetts-American Water Company.

Dana reported that his company would be asking for an 18.5% increase in water rates, which would bring in an additional $181,500 a year. He explained that the average water bill is $167.48 at present and that the proposed rate increase would raise that to $198.00.

Cristo asked if any improvements had been made outside of new construction and the Signal Resco installation. Dana replied that those were not in the proposed rate increase and that most of those expenses are paid for by the developer.

Cristo then asked, "You have not done any capital improvements?"

Dana replied, "No. I'm not saying that. A lot of the increase requested is due to improving water quality, corrosion control in lines, and replacing mains."

In response to a question from Chase, Dana explained that the requested rate increase was based on operating costs and other expenses including labor, fuel, power, insurance, meters, new service and service renewals.

Cristo noted that no position would be taken tonight since the full board was not in attendance. He then referred to a previous rate request which he thought was 30% but ended up as 5% after public hearings. "We did good by fighting it," he said.

Dana noted that in the past there was a period of time when they were filing every year. "We are always behind 15 months or more," he said.

Cristo then asked about the best and worst parts of the present water system.

Dana replied, "Overall its pretty good. Some areas need to be improved. We know where that has to be done. There's a comprehensive plan projected over 15 years, mo matter who owns it, where improvements will have to be made. We will have a list of improvements for the public hearing."

Chase asked about the cost for public hearings for the Department of Public Utilities to provide expert witnesses. "That's an expense in itself," Chase said.

Steve Alcott, of Kaufman and Richardson, consultants to Massachusetts-American Water Company, replied that the cost would be broken down into categories: $25,000 for preparing exhibits and texts; $15,000 for legal expenses; and $5,000 for miscellaneous.

Public hearings will be held in Millbury and at the state level after the first of the year.

The Water Study Committee has hired consultants Metcalf and Eddy to study options for buying the Mass American Water Works.

Personnel Board Vacancy

Turning to "Old Business", Chase reported that no one has applied to fill a vacancy on the Personnel Board.

South Main Street Bridge

According to Chase, the roadway over the South Main Street Bridge decking has been completed. He also noted that each selectman's packet contained a project summary sheet from Bayside Engineering noting an increase in costs for the project from $126,300 to $141,000, an increase of $13,700 over the contracted price. The overrun, according to Bayside, was effected by concrete prices. The DPW bridge division will be notified concerning a process for partial reimbursement.

Center School

A letter from the school committee was read, stating that they have opted not to do asbestos removal at the Center School which had a price tag of $175,000, with an additional 1.2 million requirement if the school was reopened and used in the future. The asbestos would preclude any use of the former school building for youth activities as had been planned by the newly-formed Youth Commission.

Board members expressed disappointment with the news as this leaves the commission without any building to pursue its purpose.

Cristo noted that it was discouraging news.

Police Candidate Interviews

At 8:00 p.m., the board began a series of three interviews with candidates to fill three openings available in the Millbury Police Department.

Interviewed were Mark Giro, Steven Trottier, and Paul Lemoine. All three expressed strong interest in being appointed and in serving the Town. The beginning salary for a police officer in Millbury is currently $18,753 per year.

Capital Budget Committee

Gary Nelson, Chairman of the Capital Budget Committee, requested that the board consider appointing former Finance Committee Chairman Gerry Bleau to the Capital Budget Committee to replace a member who has resigned. Nelson explained that the committee would be meeting next week and would need a 7th member. When told that the board was awaiting a letter of resignation, Nelson said that the individual in question had moved out of town and left no forwarding address.

Cristo said that the board could make the appointment at next week's meeting.

Cristo then asked Nelson what the committee's main focus would be now that the Federal Revenue Sharing is gone.

Nelson replied that the emphasis would be on assisting town departments in developing five year plans for capital improvement projects. Cristo said he hoped that town departments would take a conservative stance since the town would be looking at two projects that will total 2.5 million this year. "We should be tightening our belts, save money in the stabilization account and borrow the rest. Maybe your committee could look at it in that way," Cristo said.

Nelson noted that some departments responded well in the past and some did not in developing projected capital improvements. "Maybe they will respond better than in the past," he said.

Common Victualer's License

At 8:40, the board met with John Scannell and

SELECTMEN from Page 14

Mabel Stockwell who were present to seek a Common Victualer's license to operate a delicatessen at the former Genoa's Variety store.

Mabel Stockwell, former selectwoman, would be manager of the deli.

The board approved on a 3-0 vote.

"Go Slow" sign

On the recommendation of the Safety Officer, the board approved, on a 3-0 vote, the placement of a "Go Slow" sign on Harris Avenue.

Disposition of Animal Carcasses

Chase brought to the board's attention a change in procedure concerning the disposition of deer killed within the boundaries of towns in the Commonwealth.

The Department of Law Enforcement has indicated that each community will be responsible for disposing of deer accidentally killed in a community. Environmental officers will only assist when a deer is injured. Chief Stokowski noted that the state has mandatory requirements on the disposition of carcasses by incineration or burial. Acording to Earl Chase, some part of the sanitary landfill will have to be set aside for that purpose.

Stokowski also said that here have been a half dozen deer killed accidentally in Millbury. He said that the board would have to come up with some type of plan to deal with the change in disposition.

Town Meeting Warrant

Chase informed the board that Town Counsel Koppleman and Paige have reviewed all 25 articles for the special town meeting on November 15 and have added advisories to required vote percentages for several of the proposed articles on the warrant.

Signs on Millbury Avenue

Selectman Gauthier asked Chase for an update on signs located on Millbury Avenue that exceed the limits set by the town bylaws. Chase replied that one sign has a permit while the other does not. Gauthier said that it appears to be a recurring problem with the building inspector not following through. Gauthier suggested that the building inspector be asked to appear before the board.

Cristo said that Chase should first speak with the building inspector "one on one" and that Gauthier's suggestion could be followed if no change occurs.

Police Appointment

Before adjourning, the board approved the appointment of Paul D'Auteuil, one of the candidates on the list for police officer, on a 3-0 vote.

D'Auteuil has three years of experience as a police officer and will be hired at a regular patrolman's pay which, according to Chase, would be an $8,000 difference from the base pay of a starting patrolman. Stokowski had suggested that D'Auteuil's pay start as a regular patrolman with a one year probationary period due to his previous experience and the fact that it would not seem appropriate to expect D'Auteuil to take a cut in pay.

Donnelly suggested that the pay matter be run by the Personnel Board. After some discussion, Donnelly stated that he would go along with the suggestion as long as it is run by the Personnel Board; voted 3-0.

Sutton Cable TV

Sutton residents who do not as yet have cable TV in their area but would like to, are asked to leave their name and address with the Town Clerk's office.

Fire Department Permits

MILLBURY - All fire department permits (including smoke detector, oil burner, LP gas, black powder, blasting, etc.) are now available from the Building Inspector's office at the Municipal Office Building.

The office is open Monday through Friday from 9 a.m. to 4 p.m. Telephone 865-0438.

Millbury Youth Camp to Hold Yard Sale and Halloween Party

MILLBURY - The Millbury Youth Camp, located on Herricks Lane, is asking for assistance in completing necessary repairs to the camp. Area residents can help by attending a yard sale at the camp on October 29, from 10 a.m. to 4 p.m.

Donations are needed for the yard sale and arrangements for pick-up can be made by calling 865-5061. The yard sale will be held rain or shine.

To reach the camp, take Rte. 146 to Herricks Lane or follow South Main Street to Woodland Street to Herricks Lane.

On October 31, residents are invited to bring their children, up to age 12, to the camp's annual Halloween Party from 6 p.m. to 8 p.m. Prizes will be awarded for the best costumes. Games and refreshments will also be available

Aroun' The Town & Golden Agers Update

By Lillian C. Sheehan

CENTERVIEW APARTMENTS: About the Mystery Ride, Helme really chose a terrific place for lunch. The ride down was really lovely, and the foliage wasn't bad considering we went South instead of North. Our luncheon stop, the Venus de Milo, was really super for both atmosphere and food!!

At Centerview, a turkey dinner will be held on October 22.

Plans are in the making for the annual Centerview Fair, to be held on Saturday, November 5 in the recreation hall at 95 Elm Street. The public is cordially invited to come and shop. There will be a Bake Table, Crafts Table, odds and ends, used clothing, books, etc. If you just browse, there will be coffee "and."

MILLBURY GOLDEN AGE CLUB: As of October 18, membership is closed until the second Tuesday in January. All members that are paid up at present will be eligible to attend the Christmas Party.

Mary Briddon has cancelled her trip to the Coachlite until a future date.

Wit and Wisdom

- Time is an arrow; aim it therefore at a worthy goal!
- Years know more than books.
- Not he who wins most of the battles, but he who wins the last one, is the victor.

Don't frown,
To make a smile come, so they say,
brings thirteen muscles into play,
While if you want a frown to thrive
You've got to work up sixty-five. - Anon.

BEST WISHES to Edna Ouellette (one of our volunteers who delivers meals) who was recently a patient at St. Vincent's Hospital; she is now home recuperating. Edna was pleasantly surprised over the weekend with a visit from grandson Andy Laperriere. Also surprised were grandparents Lillian and Frank Sheehan.

Andrew is a third year student at Villanova, Pa., and is the son of Eddie and Karen (Sheehan) Laperriere of Largo, Florida.

Automobile Insurance reform Bill Announced by Senator Houston

MILLBURY - State Senator John Houston (D-Worcester), along with three other members of the Special Senate Committee, has unveiled an automobile insurance reform bill which he maintains would cut the insurance rates for Massachusetts drivers by an average of 16% next year.

According to Houston, this reduction will mean a cost savings to the public of $400 million. "This bill is a strong pro-consumer bill," Houston said, "and contains all the elements needed for a meaningful overhaul of the system." The measure is expected to be debated by the full Senate the week of October 17. Ways and Means chair Senator Patricia McGovern indicated the measure's chances of passing in the Senate are excellent.

"Last Spring, I asked the people of my district for their help in fighting the very powerful lobbyists for the special interest groups," Houston said. "Their response has been overwhelming. Through a combined effort, we have succeeded in fashioning the first real meaningful reform for consumers in at least a decade."

If the reform bill is passed by the Senate, it will be referred to a House-Senate conference committee where the differences between the House and Senate versions will be resolved.

Crabapple Craft Fair

AUBURN - The Auburn District I Parent Teacher Organization will hold its 6th Crabapple Craft Fair on Saturday, October 22, from 10 a.m. to 3 p.m. at Auburn High School, Auburn Street. Admission is free.

Important News for Private Well Owners

MILLBURY - The Massachusetts Department of Food and Agriculture is working with local boards of health to implement regulations designed to protect private drinking water wells from herbicides used on rights-of-way.

Under the regulations, the use of herbicides on rights-of-way will be prohibited within 50 feet of private drinking water wells and restricted within a buffer zone extending to 100 feet. To gain protection, persons using drinking water wells located within 100 feet of a right of way must:

1. post the location of their wells at the edge of the right-of-way; and
2. notify the local health board of their well's location so that it can be mapped and provided to herbicide applicators. Contact the Millbury Board of Health at 865-4721 for more information.

Film Night

WORCESTER - The Childbirth Education Association of Central Massachusetts, Inc. will hold Film Night on Thursday, October 27, at 7 p.m. in the Basement Conference Room of St. Vincent Hospital, 25 Winthrop Street.

Film Night enables expectant couples to observe actual birth experiences with an instructor available to answer questions following each film. Both vaginal and Cesarean birth films are shown.

Film Night is free of charge, open to the public, and no registration is necessary. For more information, call C.E.A. at 791-7229.

Millbury/Sutton Crop Walk

Attention walkers! Sunday, October 23 is the date for the annual Millbury/Sutton Crop Walk for hunger. Registration will begin at 1:00 p.m. at the Millbury Common. Walkers are asked to bring the front sheet of their packets, but not the cash donations.

At 2:00 p.m., walkers will proceed to West Sutton and finish at the First Baptist Church on Central Turnpike. Refreshment stops will be available along the route at First Congregational Church in Sutton and at First Baptist Church in West Sutton.

Walkers will be asked to face the traffic and stay to the side of the road.

Wear your walking shoes, and bring plenty of energy and enthusiasm!

Apple Festival to be held in Wilkinsonville

St. John's Episcopal Church on Main Street in Wilkinsonville will hold an Apple Festival in the parish hall on Saturday, October 22, from 10 a.m. to 2 p.m.

Featured will be handmade crafts, a bakery (specializing in all kinds of apple goodies, including apple pies and bags of apples), an attic treasures table, and a lunch bar.

The co-chairwomen of this event are Eleanor George and Dorothea Molleur; Craft table, Alice Hall and Dottie Molleur; Attic Treasures, Lois Karacius and Evelyn King; Bakery, Ann Smith; Lunch Bar, Linda Bedrosian.

In addition, a fun project will be available for the children.

Assumption School News

MILLBURY - The teachers at Assumption School participated in a cluster retreat with contemporaries from St. Louis Elementary and St. Louis Academy, Lowell, Mass. The day was spent at LaSallette National Shrine, Ipswich, Mass.

The staff for 1988-1989 includes: Sister Bernadette Sweeney, Principal; Rita Comeau, Grade 8; Sister Marguerite Normand, Grade 7; Sister Elizabeth Morin, Grade 6; Grace Laflash, Grade 5; Sandra Nearguaard, Grade 4; Dorothy Marchessault, Grade 3; Audrey Roberts, Grade 2; Lea Gonya, Grade 1; Patricia Weir, Computer; Sister Rita Therrien, Librarian.

Applications Available for Ermergency Food and Shelter Funds

WORCESTER - Worcester County has been awarded $181,892 by the Emergency Food and Shelter National Board Program. Lt. Richard D. Allen, chairperson for the local volunteer Federal Emergency Management Agency (FEMA) Board, said the funds will be allocated to not-for-profit agencies throughout Worcester County for emergency food and shelter services.

This federal program, which is administered locally by the United Way of Central Massachusetts, has an established network of Worcester County service providers. According to Allen, the local FEMA Board will consider requests from organizations proposing to address an unmet need in their service area, and who have the demonstrated capacity to provide emergency services.

Applications for funds will be accepted by the United Way of Central Massachusetts, who provides the staffing and program support for the local FEMA program. The deadline for requests is October 28.

To obtain an application, contact Sara McCullough at United Way of Central Massachusetts, 484 Main Street, Worcester.

100th Anniversary Dinner

MILLBURY - The West Millbury Union Chapel will continue its 100th Anniversary celebration with a special catered dinner to be held at the Chapel on Saturday, November 12, at 6 p.m.

Seating is limited to 100 people. Reservations and payment must be made by October 31. For reservations, call Marsha at 886-4031 or Susan at 865-6181. Both are local calls.

The menu will include turkey and roast beef, scalloped potatoes, carrots, peas, rolls and butter, frosted cakes and coffee. The cost for adults is $10 and for children 12 and under, $6.

Women's Bowling League

A 298 was the High Triple shared by Ann Coons and Ellen Bouvier. Ann rolled strings of 107-94-97 and Ellen rolled strings of 91-103-104. Second high was a 296 shared by Kathy Marble and Bobbee Bernard. Kathy rolled 101-106-89 and Bobbee rolled 95-115-86. Third high was rolled by Irma Healy, a 295, with strings of 95-85-115.

Two members, Irma Healy and Bobbee Bernard, rolled high single, a 115.

Town of Sutton Public Notice

Notice is hereby given that the Board of Selectmen will hold a hearing pursuant to a petition received under MGL Chapter 140, Section 137C. Said hearing to be held before the Board of Selectmen in the Sutton Town Hall,

Tuesday, November 1, 1988
8:30 p.m.

The petitioners allege that excessive barking by dogs at T.L.C. Kennels, Uxbridge Road, Sutton is occurring and request that the Board of Selectmen revoke the kennel license of said T.L.C. Kennels.

The public is invited to attend and offer any comments on this issue as deemed appropriate.

What's the Difference?

By Pat O'Leary & Larry Ham

HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. A twig physician and an ill caviar-fish?
   A _____ and a _____
2. A small child's plot and a kilted fellow's crew?
   A _____ and a _____
3. Rotted apple juice and a dirtied tarantula?
   _____ and a _____
4. A light-colored appendage and a stingy ocean mammal?
   A _____ and a _____

6-3

ANSWERS: 1. A sick surgeon and a sick sturgeon. 2. A lot's scheme and a Scot's team. 3. Spoiled cider and a soiled spider. 4. A white tail and a tight whale.

DEADLINE

The deadline for all submissions to the *Millbury-Sutton Chronicle* is 12:00 noon on Saturday of the week prior to publication.

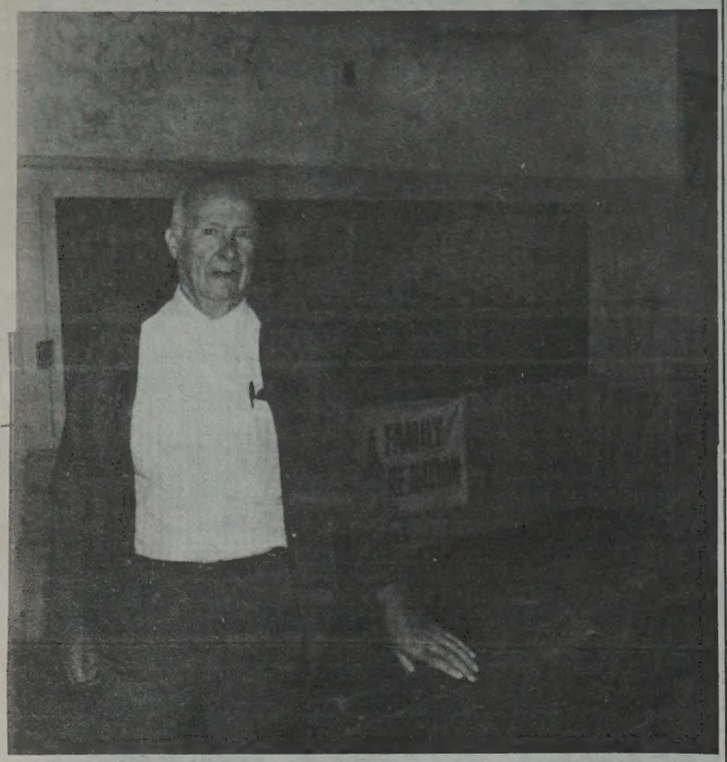
Kilmer from Page 1



Harold Kilmer in the second floor classroom at the West Millbury School.

referred to as an "Ambassador for Peace" for the many letters he sent to countries around the world carrying his message of peace. Kilmer has communicated with people from 134 nations, written more than 100,000 pages of information, mailed 5716 letters to the missions of the United Nations, to colleges, to countries all over the world, and has made 800 visits to the missions of the U.N. in New York. He has preserved all his correspondence in neatly arranged albums which he displays in his Beach Street home. All this in an effort to foster world peace and preserve a sense of the past.

Kilmer has taken on the preservation of the old West Millbury School with the same dedication and love of things past that have evidenced his life to date. When he is not writing letters, caring for his garden, or researching and old Indian trail which runs through Millbury, the 73-year-old Kilmer can be found sanding the windows at the old schoolhouse or performing other tasks to try and stay the harsh effects of New England weather from this West Millbury landmark.

And so begins another chapter in Harold Kilmer's life. Having recorded and preserved his own family history, he now spends his free time preserving the history of Millbury for future generations. "I just feel so fortunate for all I've learned and been taught," he said, "that I'd like to give something back to the town."
